It is for that reason, and because of the causes which have already been call- dulge in a brighten-up week. of to the attention of the authorities, that it must be considered that the lists are still subject to revision. For regardless of the efforts that have been made he the war department to clear up the cases the fact that it has not been

from it. And inasmuch as the bodies of hose being brought back are bearing the names of those alive it is only proper that averyone who is not properly chided therein should be quickly removed from the slacker list. Proof of the injustice should be the means to a quick rectification of what are unquestienably puszling cases,

NAVAL CONSTRUCTION.

Much has been said about the reducgion of armament with a view to endmy the competition that exists between and for the purpose of eliminating the tremendous expense that is involved. It s felt that such a result will be ultimately attained.

There are those who are at the present time urging an immediate calling of a conference of other leading nation with this one for the purpose of discussng such a proposition and entering into in international agreement whereby naval construction will cease for a cerain period and that the navies of the guage. iifferent nations will be held relatively ut the position they are today. There is widespread sentiment in favor of such son for believing that it will be accom-

But while there are those enthusias tically urging such a conference at the sarllest possible moment there are others Mexican government lacks security and who believe that while it should ulti-mately take place and all the best not ceive recognition. Obregon should heed sible benefits be obtained from it, there is wisdom in seeing better progress in nent of world problems and the attainment of a more satisfactory degree pavement because of the noise made by of world peace before any attempt is horses on the granite block pavement old made to interrupt our plans for protections isn't so near extinct as some ing. Our position requires that we have seem to think.

potent means on defense. We cannot go into disarmament alone and we cannot so disregard our responsibilieties as to put forth disarmament plans regardless

of our own safety. The curtailment of battleship construction is one way in which economy can be practiced but it would be mighty costly economy to indulgs in it until the worst wars that the world has ever experienced and in which we were involved. When such a conference is call-ed it should not be confronted with many ifs and ands that are just now

Agitation in behalf of putting in a upply of coal for a year ahead at this time of the year has not been indulged in as freely this year as in those gon by. Nevertheless it has been urged and a still being urged. Some have already got their bins filled that were wondering

EARLY ATTENTION ADVISABLE.

way along late last fall whether they were going to get any coal, and unques tionably the idea is one that deserves all he attention that is asked for it. United States Senator Elkins, who is

equestionably well informed upon the subject, goes so far as to intimate that unless coal is gotten in early there will empty bins next winter, and when he says buy now to avert a famine la-ter on he speaks to users of soft as well as hard coal. He views the present sit-uation with 200,000 idle miners as the result of a buyers' strike,

INCREASING VETO POWER.

WOMAN IN LIFE AND IN THE KITCHEN

SUGGESTIONS FOR

THE HOUSEWIFE
To stop a door hinge from creaking rub it with a lead pencil.

Custards should always be cooked over hot water; never let the water chill.

A metal spoon or fork should at not time come in contact with pickles.

A few thin slices of white soap added to water before putting flowers in will keep them fresh for almost two weeks.

When a metal teapot is not in use put a lump of sugar into the pot and this will prevent its becoming rusty.

A small sink with a rubber stopper for its escape pipe may be used as a discharge of the sum of the summer's supply of cotton fabric blouses, according to all indications, and as every woman knows, this material is generally very satisfactory.

No one blouse style, or type of blouse for that matter, dominates the field this season. Cotton and silk fabrics are equally popular, attention the port and the water of the summer's supply of cotton fabric blouses, according to all indications, and as every woman knows, this material is generally very satisfactory.

in and the flavor will be delicious.

CHEER IN THE KITCHEN It is a mistake to feel that the thor-oughly sanitary kitchen need be cheer-less and cold in appearance, but the fact is that a good many kitchens that are furnished with a special view to making them homelike and cheerful are not as sanitary as they should be where the arguments are all in its favor, so much so that the committee would be cutified to make a favorable expert thereon.

It is to be realized that there are all sorts of schemes for getting legislation broach and among those is the vian of neluding in appropriation measures them, which could not never stand on their win feet but they are worked into such hims because it is realized that they same the conferitor but have because it is realized that they same to be placed out without vetoing the entire bills and the chances are good that readers the need of starting the fine of starting them homelike and cheering the realized that they same the conferition of the consumers.

With the large number of tife care the railroads are well equipped to handle shifts because it is realized that they same to be placed out without vetoing the entire bills and the chances are good that rather than delay the bill and take a chance of no action thereon it will be tillowed to zo through. Perhaps this is more likely to happen in federal than was legislation, but the veto of single thems in connection with national legislation has for a long time been advokable.

Nearly wice as many people were killed by automobiles up to the first of may this year in New York state as in the corresponding period a year ago, and if a some believe the same conditions which there are as it is some believe the same conditions which made that possible on the price at time of delivery instead of when you wash dishestling can be realized to another time. With the large number of tife care the railroads are well equipped to handle stamp to the leave that they which can be washed easily. ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each ackage of genuine Bayer Tablets of spirin. Then you will be following the directions and dosage worked out the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lambago and for Pain. Handy tin boxes of twelve tab-lets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Mono-aceticacidester of Salicylicacid. The gay colors being affected by women this spring are having their influence in that one bit of bright color

from that officer. To Burgoyne the loss of Fraser was a severe blow, and con-temporary military writers affirm that, had he lived, the British would have made good their retreat to Canada.

During the progress of the fight Fraser In a large tureen put a layer of mashed potatoes, then a creamed vegetable and cover with the remainder of the potatoes. Garnish with slices of band holled are and silvers. was mounted on an iron-gray gelding, and was a conspicuous object for the Americans. When Morgan was able to locate him he called his men about him and said, as he pointed to the British right: "That gallant officer is General Fraser. I admire him and honor him, but A little white sugar in hot water (two lumps stiffening for delicate laces.

t is necessary that he should die; vic-

to cool and reheated after the globules of fat have been removed.

Take your stations in that clump of Before straining split pea soup add half a can of tomatoes. This gives a deliciously "different" flavor. Within five minutes Fraser fell mortal-ly wounded and was carried to the camp by two grenadiers. Just previous to being hit by the fatal shot the crupper of his horse was cut by a rifle ball and immediately afterwards another passed through the horse's mane, a little back of his ears. The aide of Francr noticed this and said: "It is evident that you are marked out for particular alm; would it not be proper for you to retire from this place?" Fraser replied: "My duty forbids me to fly from danger," and the next moment

from a small tree in which he was posted from a small tree in which he was posted and saw Fraser fall on the discharge of his rifle. Fraser told his men before he died that he saw the man who shot him and that he was in a tree. As soon as the general had fallen a panic spread along the British lines.

After Fraser had fallen from his horse

he was conveyed to a house on the right bank of the Hudson, about three miles above Bemis' Heights, which stood until 1816, arti showed the marks of the con-flict there in numerous bullet holes. It was used by Burgoyne for quarters when The bride of today is not disturbed by tradition. She wears the sort of frock that pleases her and has it conform to the mode and to her purpose, sometimes preferring pale flesh coloor to white, even if satin is her choice.
